

Bring Quill Premium To Your School

- Online diagnostic and personalized curriculum
- Writing activities with instant feedback
- In-depth student reporting to save time grading and to gain actionable insights
- Dedicated Quill Representative

What is Quill?

Quill is a nonprofit, educational technology organization dedicated to improving student writing. Quill provides over 300 writing, grammar, and proofreading activities organized by the Common Core standards. Teachers assign a writing diagnostic to assess student needs, and Quill automatically builds a personalized learning plan based on the results. Students quickly improve their writing skills through interactive lessons and instant feedback.

What are the benefits of Quill Premium?

Quill Premium provides an entire school with professional development, priority support, and in-depth reports on student progress. Teachers and schools use these reports to assess proficiency levels and make targeted interventions.

What does it mean to pilot Quill Premium?

Teachers receive training in implementing the diagnostic, assigning curriculum, and analyzing the results. Quill provides a site license that covers all of the teachers and students. The license fee is \$900 per year, and schools piloting Quill Premium receive a 50% discount. **For the first year, the total cost is \$450 for one school.** Contact Hannah Monk to get started.

Pilot Partner Resources

- On-site and remote professional development
- Customized curriculum for your school
- Quill representative for training and support
